

Fire Hazard Report

July 13, 2008

Upper Beachwood Canyon

Griffith Park above Sunset Ranch Upper
Arena

This is a fire about to happen - Clear this
brush first.

Contact Beachwood Canyon Neighborhood
Association at:

323-462-1514 or send e-mail to:
BeachwoodCanyon@sbcglobal.net

This could be project 2

This is between the road that leads to the Hollywood Sign and the road that goes to Deronda Dr. This is real bad and threatens not only the Hollywood Sign and Mt. Lee but also the water tank that we use to put fires out.

This could be project 3

This roadside overgrowth is in need of cutting back so that fire won't jump the road. While controlled burning is risky in this area, there should be some way to clear a path on both sides of the road in preparation for fire.

Easy Jobs - These are roadside jobs that could be addressed as you go along to prevent fire jumping across the road

These areas in Griffith Park above Sunset Ranch are ready to self-combust. Some form of clearance program must begin ASAP. If State funds are needed, we are ready to do what is necessary to lobby for that. Please take this report seriously!
